

## VETO RISKED BY RIDDLED OPA BILL

RECORD CROPS  
ARE FORECAST  
ALL OVER U. S.OUTLOOK FOR FARM  
OUTPUT SELDOM  
SURPASSED

BY OVID A. MARTIN

Washington, July 10 (AP)—A record corn crop and near record crops of wheat, oats, potatoes and rice were indicated by a government report today which said this year's farm production outlook has seldom been surpassed.

The condition of all crops on July 1 was the best in seven years except for 1942. The combined acreage of all crops has been exceeded since 1932 only in the past three years. Further, the indicated yields per acre of most crops are above average.

Perhaps the brightest part of the report was the forecast for grain, for supplies have been reduced to dangerously low levels by exports to hungry areas and by heavy feeding to livestock.

The department said the production of feed grains may be the largest on record. Should final production turn out as now indicated, production of livestock products could be maintained near last year's levels throughout 1947.

## Corn Hits Top

The corn crop was forecast at 3,341,646,000 bushels, compared with the previous record of 3,228,000,000 in 1944. Last year's crop was 3,018,410,000 and production for the ten year (1935-44) average was 2,608,499,000.

The wheat crop was indicated at 1,090,092,000 bushels, compared with 1,033,000,000 forecast in mid-June, a record of 1,213,143,000 produced last year, against a 5-year average of 843,692,000. Despite the bumper crop, wheat will be insufficient to meet both unrestricted domestic demands and foreign commitments for the year ahead.

The winter wheat crop was put at 857,163,000 compared with 823,177,000 last year and a ten-year average of 618,019,000. Durum wheat was forecast at 26,089,000 bushels compared with 35,020,000 last year and a ten-year average of 31,900,000. Production of other spring wheat was indicated at 206,840,000 bushels compared with 264,946,000 last year and a ten-year average of 193,774,000.

## Food Fats Short

The outlook for other crops included: Rye production may be the smallest since the drought of the 30s. The production of oats—vital as livestock feed—was indicated at a near record of 1,471,026,000 bushels. Barley production was indicated to be the smallest since 1937.

The expected tonnage of hay is below the level of the past four years, but the carry-over of old hay is large.

One of the least favorable parts of the report was a forecast that production of oil seed crops—soybeans, peanuts and flax seed—will be below high wartime levels. The oil seeds provide materials for margarine, shortening, salad oils and paints. Supplies of food fats and oils are now far short of domestic demands.

Large crops of tobacco, citrus and most other fruits were forecast. Production of dry beans and sweet potatoes will be below average.

The report said production of milk and eggs is being maintained at near record levels.

The aggregate acreage of 52 principal crops on July 1 was in-

MICHIGAN DEMOCRATIC SLATE —

Democratic candidates for state offices in the November election get together at Lansing, Mich., shortly after the state convention adopted the slate endorsed by Murray Van Wagoner candidate for governor. Seated (left to right) are: Van Wagoner, Osmund J. Kelly, of Flint,

candidate for lieutenant governor, and Thurman B. Doyle, Menominee, candidate for attorney general; Standing, Joseph L. Bannigan, Detroit, for secretary of State; Marvin L. Coon, Escanaba, for Auditor general; John J. Kozarek, Detroit, for treasurer and Victor E. Bucknell, Vicksburg, for supreme court justice. (AP Photo.)

Lansing Pair Found  
Guilty In Plot To  
Run Slot Machines

BY ROBERTA APPLIGATE

Mason, Mich., July 10 (AP)—Dorr T. Feldman and Joseph Monte Franks, both of Lansing, were convicted today of a gambling conspiracy at the end of the second day of their circuit court trial.

Feldman and Franks were released on \$5,000 bond pending sentence and their attorney, Fred R. Walker of Detroit, said he would appeal both cases. The two defendants were convicted of conspiring to protect the illegal operation of slot machines in Ingham county through payments to

Laurence A. Lyon, former chief of the state police uniform division, who pleaded guilty and was a state witness.

Lyon, who was the final witness, testified he received \$500 as an initial "good will payment" and \$400 a month for five months last year to protect the illegal gambling.

He said the monthly payments were made by Feldman, and that Ora Ray Messner, another state witness, had handed him an envelope containing the \$500 in the presence of Feldman.

He said he did not know Franks, and did not remember hearing his name mentioned as a partner.

Describing an interview with Feldman and Messner, Lyon said "they told me they had purchased some slot machines and were going to put them in some clubs, and I told them we hadn't interfered with clubs."

"Feldman made the statement that he would pay me \$1,000 a month but I told him at that time I wasn't interested. When they left Messner laid an envelope on the table and said it was a little good will offering."

Lyon said he thought "they wanted to stay on good terms with me so we wouldn't interfere with their operations."

RUSSIAN GRABS  
NOT RECOGNIZEDU. S. Offers To Give Up  
All Claims To German  
Assets In Austria

BY LYNN HEINZELING

Vienna, July 10 (AP)—The United States offered today to renounce all claims to German assets in Austria, and declared it would not recognize Russian seizure of German properties in that country transferred to the Allies as "forced transfers" to the Germans.

The United States stepped into the Austrian-Russian controversy over reparations even as Chancellor Leopold Figl protested the Soviet plan to seize a large share of Austrian industry in the Soviet zone as "German" reparations.

Gen. Mark W. Clark in a note to Figl declared the United States would not recognize the transfer to Russia of properties falling into the category of forced transfers as enunciated at the London conference in January, 1943. At that conference the Allies, including Russia, reserved the right to declare invalid any property transfers in German-occupied areas, even though they were purportedly legal.

Clark's letter to Figl relayed a message from President Truman saying the United States "now agrees to turn over to the Austrian government as trustee all German assets now physically located in the United States zone" pending negotiations with other Allied powers on the proposal to renounce the American share in those assets.

(In London, the British foreign office said Britain was supporting the United States' stand against the Russian seizure.)

## THREE CHANCES, NO BOY

Kansas City, July 10 (AP)—Because their first child was a girl, Mr. and Mrs. John Aquino wanted their second to be a boy.

There hopes were high as the 26-year-old mother was taken to a hospital last night, she gave birth to another child, then another and still another—triplet girls.

GEN. IKE CALLS  
FOR BIG ARMYForce Of 800,000 Men  
Needed For Next 15  
To 20 Years

Washington, July 10 (AP)—Gen. Dwight D. Eisenhower believes the United States must maintain an army of approximately 800,000 men for the next 15 to 20 years, compared with 188,000 in 1939.

He expressed that belief today to the House military committee as he pleaded for prompt approval of legislation permitting a doubling of the officer personnel of the regular army—from 25,000 to 50,000.

The committee approved the bill, already passed by the Senate, that he would pay me \$1,000 a month but I told him at that time I wasn't interested. When they left Messner laid an envelope on the table and said it was a little good will offering."

Lyon said he thought "they wanted to stay on good terms with me so we wouldn't interfere with their operations."

Describing an interview with Feldman and Messner, Lyon said "they told me they had purchased some slot machines and were going to put them in some clubs, and I told them we hadn't interfered with clubs."

"Feldman made the statement that he would pay me \$1,000 a month but I told him at that time I wasn't interested. When they left Messner laid an envelope on the table and said it was a little good will offering."

Dry Montana Area  
Flooded As Deluge  
Breaks Creek Dam

Plentywood, Mont., July 10 (AP)—The worst flood in the history of this normally dry northeastern Montana community left 300 persons homeless today after a cloud-burst last night broke Carrol Dam, eight miles northwest of here.

It spilled Box Elder Creek over its banks and virtually isolated Plentywood.

Waters receded after leaving more than 50 residences caked with mud. A level of four feet was reached in the town's northern residential district. No casualties were reported.

Commodity Prices  
Rise 16 Per Cent  
Since OPA Demise

Washington, July 10 (AP)—The Bureau of Labor statistics today said commodity price index rose today 232 or approximately two percent, a total rise of 16 percent in the 10 days since OPA controls expired.

Today's index rise was featured by trading price increases for grains, livestock, cocoa, hides and cotton.

## STATION UNDER-MANNED

Muskegon (AP)—The Muskegon Chamber of Commerce has protested to Washington because only two men are on duty at the Coast Guard station here. A day and night watch is being maintained but, said one of the men, "I don't know how long we can keep it up."

## COUNTY RAISES WAGES

Detroit (AP)—Salary increases totaling \$385,000 are in store for 5,500 Wayne county employees during the next four and a half months. The increases were approved by the board of supervisors Tuesday in a 44 to 11 vote.

BONDS TO PAY  
STATE BONUS  
UP TO VOTERSHOUSE APPROVES  
OUTLAY FOR  
VETERANS

Lansing, July 10 (AP)—Legislation providing for a popular vote next November on a \$270,000,000 bond issue to pay World War II veterans a bonus went through the House of Representatives today while in the Senate a 60-day emergency rent moratorium bill passed and went to the House.

The representatives approved the bonus by a vote of 87 to 1. The Senate vote on the rent moratorium, limited to those areas where OPA rent controls were previously in effect, was 23 to 5.

As finally passed, the House resolution provided for a \$500 maximum payment to every ex-serviceman or woman on the basis of \$10 monthly for domestic and \$15 monthly for overseas service.

Payment would be made for service between Sept. 16, 1940 and June 30, 1946, and the beneficiaries of deceased soldiers or sailors would receive the maximum payment.

## Financing Plans Rejected

The House defeated two attempts by Rep. James B. Stanley, Kalamazoo Republican, to write into the measure some method of financing the bond issue.

First, Stanley proposed that one-fourth of sales tax receipts be set aside to retire the bond. This drew only four votes.

Then Stanley proposed that the legislature be authorized to levy a graduated income tax. That lost on a roll call vote and drew support only from two representatives.

Rep. George F. Montgomery, Detroit Democrat, tried twice to have a Michigan veteran housing authority included in the bonus measure but his proposal was defeated both times.

He suggested that the state set up a revolving fund from which veterans could borrow up to \$7,500 to build or buy or refinance homes.

The Stanley proposals were opposed by Rep. John P. Espie, Eagle Republican and chairman of the House Ways and Means committee, who declared he was "against writing anything about sales tax into the constitution."

## Women Slap Faces

The rent freeze bill approved in the Senate would affect about one-third of the state, Senator Harry F. Hittle, Lansing Republican, declared. He said the judiciary committee eliminated state-wide effects of the law because it

Incumbents All Win  
Washington State  
Congressional Race

BY THE ASSOCIATED PRESS

A clean sweep for all 10 congressmen from Washington State and Utah seeking renomination was indicated last night on the basis of unofficial returns from Tuesday's primary election.

In the spotlight race of the two states' otherwise unexciting campaigns, Rep. Hugh DeLacy maintained a sizeable lead over radio announcer Howard Costigan whom he also defeated two years ago for the First District Democratic nomination.

This contest divided the Roosevelt family. DeLacy, running with the support of James Roosevelt, received 18,662 votes in 555 of the 771 precincts, compared with 15,810 for Costigan who was backed by Anna Roosevelt Boettiger. Two other candidates trailed.

Senator Hugh B. Mitchell (D-Wash.) was renominated, holding a lead of 42,363 to 8,432 over his nearest opponent, State Treasurer Russell H. Flinn, in 1,163 of 3,376 precincts.

Times Square Fight  
Leaves One Killed  
And Four Wounded

New York, July 10 (AP)—One man was slain and four others were wounded in a 2:39 a. m. gun battle in the Times Square area today—aftermath of what police described as an attempted robbery.

The dead man was identified by police as Solly Moss, business agent for Local 10 of the International Garment Workers Union (AFL).

He was shot as he sat in a booth at a West 47th street bar. Although witnesses said the three gunmen made no attempt to hold up the bar, police commissioner Arthur W. Wallander said evidence indicated robbery was the motive—and not labor trouble, which had been one theory.

Sidney Hillman, 59,  
CIO Founder, Dies  
After Heart Attack

Point Lookout, N. Y., July 10 (AP)—Sidney Hillman, 59, who from an humble beginning as an immigrant garment worker became a \$15,000-a-year union executive and a symbol of labor's rising influence in national political affairs, died today.

Hillman, vice president and one of the founders of CIO, head of the CIO political action committee and president of the Amalgamated Clothing Workers of America, suffered an acute heart attack at his Long Island summer home and died at 7:30 a. m. (C.D.T.).

His personal physician, Dr. Mack Lipkin, said Hillman had suffered four such attacks since 1942 "but continued to carry on under his enormous responsibilities."

From the White House came one of the first expressions of regret at the passing of the political-labor leader whose word had influenced the selections of presidents.

"Sidney Hillman was more than a distinguished labor leader," said President Truman. "He was a great humanitarian and an outstanding statesman in the field of labor-management relations."

One of Hillman's last public actions was a congratulatory telegram sent to the President on his veto of the OPA bill.

His importance in the national political scene was underscored during the 1944 presidential campaign when the phrase "clear everything with Sidney" became a GOP battle cry.

Hillman was a close personal friend and labor adviser to President Roosevelt. During the new deal days, the White House door was always open to him.

In 1934 Hillman was appointed as one of five members of the national industrial recovery board. In 1940 he was named labor coordinator to the council of national defense and when the office of production management was established he became associate director.

In 1942 Hillman was named head of the labor division of the war production board.

A son of Jewish parents who educated him to be a rabbi, Hillman came to the United States in 1907 from Lithuania.

He had been a garment cutter in Chicago only three years when he led parents workers in the 1910 clothing strike. He was instrumental thereafter in establishing arbitration machinery in the industry in Chicago and was rewarded with presidency of the Amalgamated Clothing Workers of America when it was founded four years later, in 1914.

LOAN DEPENDS  
ON ABSENTEESHouse Members Coaxed  
Back To Vote For  
British Credits

Washington, July 10 (AP)—With absentees apparently holding the deciding voice, administration leaders drove hard today to coax House members back to Washington in time for the showdown vote Saturday on the \$3,750,000,000 British Loan.

Speaker Rayburn (D-Tex.) confided of victory if the pledged yeas votes are on hand, told newsmen a plane is ready in the Philippines to rush back 10 members who attended the Island Republic's Independence ceremonies.

A roll call today showed 141 of the 433 members were absent. Leaders probably will send out telegrams summoning the absentees. Many are back home fighting their primary election battles.

News have been counted and recounted on the issue. Leaders got new confidence when another partial check of members showed a pro-loan ratio of 5 to 1 among Democrats. However, Rep. Landis (R-Ind.), a loan foe, said an incomplete poll of Republicans showed 141 against the loan, 30 for it and 20 doubtful.

There are 239 Democrats and 192 Republicans. Leaders estimate they will need at least 50 Republican votes to carry the loan. Rep. Wolcott (R-Mich.), heading a Republican bloc for the credit, said he expects 50 to 60 to support the bill.

Treasury Secretary John W. Snyder sent a letter to Chairman Spence (D-Ky.) of the House Banking Committee today, declaring House approval of the loan "is a matter of utmost importance and urgency."

He admonished against the body letting "extraneous issues" becloud the debate.

SIDNEY HILLMAN

OSBORN BACKS  
UP REPUBLICANSNominee For Governor  
Told To Keep Up His  
'Fighting Record'

Detroit, July 10 (AP)—Chase S. Osborn, Michigan's 80-year-old former governor, today expressed a still active interest in Michigan politics by announcing he has urged the Republican gubernatorial nominee to keep up his "fighting record."

Here for a day's stopover on his trip from his winter home in Georgia, Osborn said he had congratulated both Sigler and Democratic candidate Murray D. Van Wagoner on their recent victories, but would give his support to the Republican.

The aged former executive and his daughter, Stellanova Osborn, leave late tonight for their summer home at Duck Island.

He said he wrote Sigler that "if, after cleaning up the legislative halls in Lansing, you can successfully cope with the racketeers who, posing as union leaders, are strangling the union workers as well as the general public, you will be on your way to the presidency."

Letters from Osborn also went to Van Wagoner defeated Republican candidate Vernon Brown, the former governor told Van Wagoner he was "mightily glad you won the Democratic nomination so handsomely," and wrote to Brown: "You do not need to be governor to go down in history as one of the best citizens Michigan ever had."

Osborn showed himself to be unusually fit physically as he walked from the train into Union station this morning. He suffered a broken hip a year ago.

Detroit Killed  
As Plane Crashes  
Near Otsego Lake

Gaylord, Mich., July 10 (AP)—Harvey Kleinlein, 29, of Detroit, was killed today when his two-passenger plane crashed and burned near Otsego Lake south of here this afternoon.

Kleinlein was alone in the plane at the time of the crash. He had flown from Detroit earlier in the day with Sgt. Erdman Stahl of the Michigan state police as a passenger.

Stahl had left the plane and the pilot was circling the lake where his father has a summer home when he apparently developed engine trouble.

Traffic At Straits  
Rises 172 Per Cent  
Over 1945 Figures

Lansing, July 10 (AP)—Michigan motorists traveling across the Straits of Mackinac during the first six months of 1946 boosted ferry traffic 172 per cent over the 1945 figure and 19.6 per cent over the 1941 peak for the same period.

The State Highway Department ferries carried 140,109 vehicles in 1946, 33,281 in 1945 and 122,938 in the first six months of 1941.

## YOUNG BRIDE DROWNS

Grand Rapids, (AP)—Apparently a victim of a cramp, Mrs. Evelyn Wright, 21, a bride of three months, drowned Tuesday while swimming in Stony lake near Grand Rapids.

DAIRY PRICES  
CUT LOOSE IN  
SENATE VOTEBUTTER AND OLEO  
CEILINGS SENT  
INTO DISCARD

BY FRANCIS J. KELLY

Washington, July 10 (AP)—Risking another presidential veto, the Senate tonight piled more items into a class which the OPA, if revived, may not touch—milk and dairy products, petroleum, cottonseed, soy beans and anything made from them.

Of four additional test votes to exempt specific commodities from revived price ceilings, following the exemption of meat and poultry yesterday, only one went the way the administration wanted. That was a proposal to remove grains from the control list, beaten 32 to 40.

"There has been so much back-scratching it has resulted in a soreness that would exhaust all the liniment in Washington," remarked Democratic Leader Barkley (Ky.), noting the support which senators interested in one particular item gave to those seeking exemption for other items.

## More Coming

More amendments are on tap for tomorrow. Nevertheless Barkley saw a "good chance" of passing by tomorrow night whatever legislation the Senate is willing to approve, but he sighed that "every new sunrise brings forth a new crop of speeches and amendments."

On the House side, Rep. Wolcott (R-Mich.) of the banking committee expressed the opinion that, the way the Senate is going, its bill in the end may provide for less price control than the measure President Truman vetoed. He told reporters an effort may be made to substitute that bill when the Senate's legislation reached the House, and send it back to Mr. Truman.

Additional decontrol amendments are expected covering tobacco and wood pulp. Barkley told newsmen, however, that scrap over tobacco controls may be avoided because "we are trying to get the agriculture department to announce there will be no ceilings on tobacco products in any event." The secretary of agriculture, instead of the OPA, would have the final say on agriculture price ceilings, as the bill stands now.

Several other amendments are pending in addition to the specific decontrol provisions. They include the controversial proposal by Senator Taft (R-Ohio) to give manufacturers and processors prices which will cover cost increases, and one by Senator Hawkes (R-N. J.) to authorize 15 per cent rent increases by next March 31.

The petroleum amendment was adopted on a rollcall vote of 40 to 39, shortly after a proposal to exempt grains had been defeated, 32 to 40.

The amendment exempting gasoline, oil and all other petroleum products from revived price ceilings was sponsored by Senator Moore (R-Okla.). It forbids the imposition of price controls unless a decontrol board be set up under the bill finds the supply insufficient to meet the domestic demand.

Supply Exceeds Demands

Moore and other senators from oil-producing states said there is no reason to reinstate controls over gasoline and other products because the supply exceeds all demands.

Democratic Leader Barkley (Ky.) pleaded with the Senate to

## STARR HEARING SET FOR FRIDAY

Appointment Leaves Gap To Be Filled By GOP Governor Kelly

BY JOHN CHADWICK  
(P) special Washington Service  
Washington, (P)—Rep. Hook (D-Mich.) said he will not carry his opposition to the nomination of Raymond W. Starr for a Federal judgeship in Michigan before the Senate judiciary committee.

He reserved a decision last week when Starr, a State Supreme Court Justice, was elected by President Truman to fill a vacancy in the Western Michigan district created by the death of Judge Fred M. Raymond.

"I would not go before the committee unless I had something concrete and definite," Hook told a reporter today.

He supported Joseph M. Donnelly of Houghton for the judgeship.

A committee hearing on the nomination of Starr and of Theodore Levin, Detroit attorney, for a Federal judgeship in the Eastern Michigan District is scheduled for Friday.

Hook said he understands "some people are coming down" from Michigan for the hearing. Asked who, he named John Penchuk, Democratic chairman of the 15th district.

J. G. Sourwine, committee counsel, said two communications relative to Starr's nomination have been received—one supporting it and the other opposing it. Chairman McCarran (D-Nev.) declined to make them public in advance of the hearing.

It was learned, however, that the opposing telegram objected that Starr's appointment would leave a vacancy on the State Supreme Court to be filled by Michigan's Republican governor.

The same objection had been raised by Hook and Ren. Lesinski, Chairman of Michigan's Democratic Congressmen.

## Heirens Faces 12 More Charges Of Robberies, Assault

Chicago, July 10 (P)—William Heirens, 17, University of Chicago student questioned in connection with the kidnap slaying of six-year-old Suzanne Degnan, was reported named today in 12 more true bills charging robbery and one charging assault to kill.

Sixteen other bills were reported issued yesterday by the Cook county grand jury. Robbery was the charge on 12, while four others charged assault to kill.

Heirens has denied all the offenses except a burglary during which he was captured two weeks ago. He likewise has denied any connection with the January 7 kidnaping of Suzanne, although State's Attorney William J. Tuohy reported his fingerprints and palm print matched those on a ransom note left in the girl's room.

## Three Murderers Spared Death By Mercy Of Widow

New York, July 10 (P)—A Widow's mercy today saved three convicted murderers from the electric chair.

Preparing to sentence three gunmen for killing Al (Bummy) Davis, famous Brooklyn boxer, Kings county Judge Samuel S. Leibowitz looked toward the fighters' widow.

"Mrs. Davis, I have the power to send these men to the chair," the judge said quietly. "What are your wishes?"

The widow, blonde and pretty in a neat yellow frock, bowed her head for a moment. The quality of mercy gleamed in the dusty Brooklyn court when her answer came: "I don't believe in capital punishment. Whatever you decide to do will be all right with me."

She turned away from the three thugs who had murdered the father of her three-year-old child. The judge gave each of them a sentence of life imprisonment.

## War Dead Will Be Brought Back To States Next Year

Chicago, July 10 (P)—Return to the United States of the remains of America's World War II dead will begin early next year and will be completed by 1949, Brig. Gen. George A. Horkan said today.

Horkan, director of the memorial division in the army quartermaster general's office, said return of the first dead from Hawaii and Belgium had been scheduled to start this month but was delayed because of lack of steel for the required 258,000 caskets.

He was in Chicago to attend a conference. He said relatives of deceased could elect to leave the remains in a permanent military cemetery overseas or have them returned to the United States for burial.

Horkan said the dead would be returned first from Hawaii and Henri Chappelle cemetery in Belgium because records there were most complete.

## Co-ed Ties Up Bandit In Her Apron Strings

Detroit—(P)—Pretty Wanda Zebrowski, 18, a Michigan State College co-ed, planted a barefooted kick in an armed bandit's stomach Saturday, then overpowered the man and tied him up in apron strings.

Police took the would-be robber, 19, into custody and later picked up three other men suspected of acting as accomplices in the attempted robbery of a Macomb county tavern.

## DAIRY PRICES CUT LOOSE IN SENATE VOTE

(Continued from Page One)

let the proposed decontrol board handle the petroleum question along with other matters.

After this vote the Senate recessed until noon tomorrow. Previous voting lines split apart as the Senate rejected the grain amendment offered by Republican Senator Reed from the important wheat producing state of Kansas.

Previously the chamber had tied a veto invitation to the OPA revival bill by voting 51 to 27 to exempt milk and dairy products from price control if and when it is revised.

**Bread Costs Protected**  
A couple of hours earlier the Senate had adopted a similar exemption for cottonseed, soy beans and products made from them. That vote was 42 to 34.

Livestock, meat and poultry controls came out of the bill yesterday by a 49 to 26 rollcall.

Majority Leader Barkley (D-Ky.) led the successful battle against the grains amendment tonight by asserting that it would affect the price of bread and other foods on every American table.

But other attempts to write exemptions into the measure were in the offing. A number of senators wanted specific decontrols on tobacco, gasoline and petroleum.

Eighteen Democrats balloted to bar control over milk and its products. The only Republican who voted with Barkley was Senator Vevercomb of West Virginia.

Barkley declined to express an opinion as to whether President Truman would reject a measure loaded down with specific decontrols. But Mr. Truman gave strong hint of his attitude June 20, when he vetoed the first price control extension bill.

Before the Senate voted on the cottonseed- soy beans amendment, Barkley pleaded with his colleagues to refrain from adding provisions which he said would make the bill "ridiculous." He got a quick answer—15 Democrats lined up with 27 Republicans to approve the exemption.

Senator Eastland (D-Miss.), sponsor of the amendment, argued that with controls removed from animal fats and oils under the meat amendment, they must come off competing vegetable oils also, to prevent "chaos and havoc." Barkley repeated it was unwise to attach "ridiculous amendments" out of deference to local interests and local advantages.

**OPA BOX SCORE**  
Washington, July 10 (P)—Here is the box score on Senate amendments to exempt specific items from price ceilings under new revival of OPA:

Exemption for meat and poultry, by Senator Wherry (R-Neb.)—adopted 49 to 26.

Exemption for milk and dairy products, by Wherry—adopted 51 to 27.

Exemption for cottonseed, soy beans and their products, by Senator Eastland (D-Miss.)—adopted 42 to 34.

Exemption for grains and their byproducts, by Senator Reed (R-Kans.)—defeated 32 to 40.

Exemption for petroleum and its products so long as supply exceeds domestic demand, by Senator Moore (R-Okla.)—adopted 40 to 30.

The meat and poultry amendment was acted on yesterday, the others today and tonight. More such amendments are to come up tomorrow.

## Illinois Governor To Ask Moratorium On Rent Evictions

Chicago, July 10 (P)—Governor Dwight H. Green said today that unless congress enacts regulatory housing legislation within 10 days, he would "take such action as will be legally necessary to effectuate a moratorium on evictions."

The governor, in a statement describing the housing situation as "desperate," stated that "under these circumstances the people of Illinois are entitled to the protection of their state government against undue hardship, and unless congress enacts some regulatory legislation within ten days I as governor of the state of Illinois shall take such action as will be legally necessary to effectuate a moratorium on evictions without just cause or based on increased rentals until the emergency subsides."

## WEALTH USELESS

Depoe Bay, Ore., July 10 (P)—Oscar learned too late that wealth is useless when one loses his health.

Aquarium officials reported, Oscar, a seal, died from overeating.

In his stomach were 186 pennies, five dimes, four nickels and two military buttons.

comb county tavern.  
Wanda, a slim physical education sophomore at East Lansing, entered the main room of the tavern while her father, Stanley Zebrowski, the owner, pursued three thugs who fled into the night.

Barefooted and pajama-clad, Wanda raced across the tavern floor to intercept a shadowy figure headed for the window.

She kicked the man in the stomach and a shotgun flew out of his hands. As the girl seized the gun, it accidentally discharged, blasting a hole in the ceiling.

"The bandit ducked just in time," Wanda said, "or he would have gotten the entire charge. Then he begged me not to shoot any more. I told him to lie face downward on the floor and he did."

With the aid of her mother, Wanda then tied the bandit with apron strings before police, summoned by her father, arrived.

## RECORD CROPS ARE FORECAST ALL OVER U. S.

(Continued from Page One)

icated at nearly 346,000,000 acres, about 700,000 less than last year.

The department said many factors, in addition to favorable weather, have affected 1946 prospects. An opportunity to get into fields earlier than usual, in March and April, permitted northern farmers to use labor and machinery to the best advantage.

An improvement in the supply of itinerant labor for sugar beets, fruits and beans and the local labor required for tobacco, peanuts and truck crops were said to have made acreage increases feasible for those crops which offer high returns per acre.

The department said sugar production in this country should be about 25 per cent more than in 1945.

The aggregate tonnage of commercial truck crops for the first nine months of the year was indicated to be seven per cent larger than last year and 34 per cent above average.

## Young Flier Killed 'Buzzing' His Home At Montecito, Calif.

Santa Barbara, Calif., July 10 (P)—Thomas Stewart White, 20, nephew of novelist Steward Edward White and of the late violinist Roderick White, was killed last night when his airplane crashed 100 yards from his parents' home in nearby Montecito after he had "buzzed" the residences during his second solo flight.

His mother pulled his crushed body from the wreckage just as the plane burst into flames.

His father, Harwood A. (Bezie) White, widely known tennis professional and World War I pilot, said the youth was doing vertical banks at an elevation of only 50 feet, clipped a branch from a eucalyptus tree, and crashed.

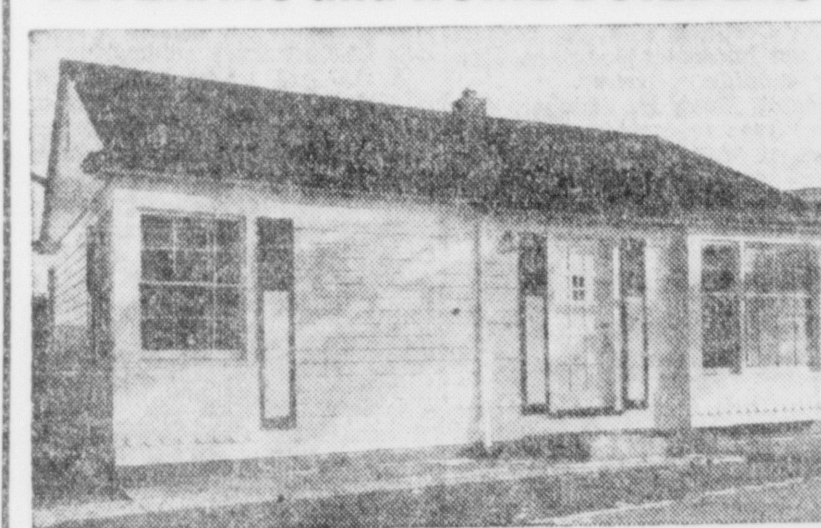

## New Crisis Faces China As Relief Shipments Cease

Nanking, July 10 (P)—China faced a new crisis today, that of suspension of all relief shipments save emergency foods.

Announcement in Washington of the UNRRA action, coupled with criticism of Generalissimo Chiang's government, drew a charge of "treachery" from a government relief spokesman and an assessment of relief conditions by Chinese Communist spokesmen in support of the criticism.

In Washington, UNRRA's director general, Fiorenzo H. La Guardia, said suspension of the shipments was decided upon after more than half of UNRRA's 400 staff members in China accused Chiang's government of failing to get materials to millions in the interior and of using relief goods for political ends.

This can be erected on your lot. We will help you with your priority and financing. Inquire 923 Lud. St., Escanaba Phone 1313

## SOVIETS OPPOSE SPLIT GERMANY

Molotov Seeks Creation Of Central Reich Government

BY JOSEPH DYNAN

Paris, July 10 (P)—Russian Foreign Minister V. M. Molotov tonight urged immediate creation of central administrative agencies for Germany looking toward a central German government with which the Allies could sign a peace treaty, and opposed any dismemberment or federalization of the Reich, an American informant said.

He declared Russia did not believe either in the destruction of Germany as a state or in its transformation into an agricultural rather than industrial country.

French Foreign Minister Georges Bidault, however, declared France would discuss centralization only after Germany's western boundaries have been fixed.

Bidault also hailed as a bulwark to European security the American-proposed 25-year treaty to insure German disarmament which the Russian minister criticized sharply yesterday.

Molotov, in a three-hour debate within the four-power council on the German problem, opposed France's contention that the Ruhr, Rhineland and Saar be separated from Germany, unless such a separation was endorsed in a plebiscite of the German people.

Molotov said proposals for the dismemberment of Germany were based upon an idea of destruction of the German state which the Soviet union could not accept.

He said the Allies had no right to impose these ideas upon the German people.

## Compromise Silver Price Bill Offered House By Senators

Washington, July 10 (P)—Senators today offered what they termed a "fair compromise" to the house in the long congressional deadlock over the pegged price of silver.

With a chorus of "no's" they again rejected the twice-approved house demand that the treasury sell its surplus silver at 71.11 cents an ounce.

Instead the senate asked that the price of 90.3 cents but agreed to drop earlier demands that this automatically increase after two years to \$1.29.

Meanwhile industrial users are reported melting down silver dollars and other coins to obtain emergency supplies of the white metal and treasury and postoffice department employees are threatened with payless paydays.

The silver price provision is a rider in the annual appropriation bill carrying funds to operate those two departments for the fiscal year that started July 1. The rider has been in dispute between the senate and house for weeks with both chambers refusing to budge.

## Barring Of Canada From Atomic Talks Sought By Russia

BY FRANCIS W. CARPENTER  
New York, July 10 (P)—Soviet Russia sought unsuccessfully by invoking the veto today to bar Canada, one of the nations which helped build the atomic bomb, from taking part in discussions of atomic energy questions in the United Nations security council.

Canada's tenure at the council table might be temporary, however, for Soviet delegate Andrei A. Gromyko reserved his right to raise the question again. He did not choose to carry his stand on the veto to the showdown stage at this meeting.

General A. G. L. McNaughton, Canada's representative on the atomic energy commission, sat with the council delegates during part of the heated discussion over whether he should have that right. Canada and the 11 nations on the security council make up the atomic energy commission.

## BONDS TO PAY STATE BONUS UP TO VOTERS

(Continued from Page One)

"did not deem it advisable to extend controls to those areas where conditions did not justify them before."

Negative votes on the measure were cast by Senators Bishop, Hamilton, Nichols, Porter and Tripp, while Senators Green and Lee declined to vote.

The bill would freeze all rents at the June 30, 1946 level, until Congress reenacts federal rent controls, but not beyond Oct. 1.

The committee's hearing on the bill, preceding the vote, was enlivened by a face-slapping incident between Mrs. Josephine Gomon, official of the Detroit Housing Commission and member of the Michigan Citizens Committee which favored the bill, and Mrs. Myrtle M. Harriman, secretary of the Detroit and Michigan Property Owners Association, which opposed the bill. Eye-witnesses said each slapped the other.

The rent measure went to the House where Rep. Maurice E. Post, Rockford Republican and chairman of the State Affairs Committee, said it would be considered tomorrow. House leaders said there was substantial opposition to it in that chamber and that many members would not vote for it unless it provided for rent increases of between 10 and 15 per cent.

Little, chairman of the Senate Judiciary Committee, said the bonus measure would be reported to the floor in that chamber tomorrow, and that probably the senate would recede from its demand that it include some provision for financing the grant.

## Closing Arguments Heard In Detroit Black Market Case

Detroit, July 10 (P)—A jury of 12 women, sitting in what the OPA terms the "biggest black market case of the war," heard final arguments today in their trial of seven men charged with conspiracy in used car sales.

Federal Judge Arthur A. Kosciuszko will deliver his charge tomorrow to the jurors, who will receive the case after a fortnight of testimony with which the government has sought to prove a "gigantic scheme" to violate price regulations.

The OPA has alleged that the seven on trial, along with more than a score of others who have pleaded guilty, took part in a conspiracy which netted \$3,000,000 in profits above price ceilings in car sales at Cairo, Ill., and Murray, Ky.

A total of 2,500 cars were acquired in Detroit and sold at auction lots in Cairo and Murray. The OPA charges. Another 2,500 cars were obtained elsewhere and sold at the lots, the government agency says.

## Government Housing Contractors Arrive

T. G. Meyers, Donald Sutherland and George R. Weller of the Eddy Shipbuilding Corporation, Bay City, have arrived in Escanaba to set up an office, secure labor and make other necessary arrangements to begin erection of the Quonset huts the city is securing from the federal government.

The huts will be located near the old Escanaba brewery site on Lake Shore road and will provide housing for the families of 26 veterans.

It is expected that the units will be ready for occupancy probably sometime in September.

## Briefly Told

**Apply For License**—Application for a marriage license has been made at the office of County Clerk J. Theodore Ohlen by Isaac Robere of Garden and Gaynelle Counts of Munising.

**Order of Runeberg**—A regular meeting of the Order of Runeberg will be held this evening at 7:30 o'clock at the Unity hall. Officers request all members to be present.

**Mr. and Mrs. Michael Finn** of Atlanta, Ga., former Escanaba residents, are visiting with relatives and friends in the city.

**Concert Tonight**—Weather permitting, the Escanaba municipal band will play their weekly concert tonight at Ludington park, starting at 8 p. m.

## Hoover Is Accused Of Propaganda Tour By Red Newspaper

Moscow, July 10 (P)—The Soviet government newspaper Izvestia accused the United States and Britain today of using UNRRA for political purposes, and charged that Herbert Hoover's recent world food mission was used "for open anti-Democratic, anti-Communist, anti-Soviet propaganda."

The Communist party newspaper Pravda meanwhile charged that anti-Soviet organizations were given protection by the occupation authorities in the American and British zones of Germany, and said these organizations sought to separate the Ukraine and White Russia from the Soviet Union.

The Izvestia article, written by Commentator S. Gorodetsky, acknowledged that Britain and America had initiated the drive for food relief, but added that "the political aims of this campaign have a still more important meaning."

It said "certain circles" in America and Britain "are striving to use the relief campaign for far-reaching economic, and particularly political, purposes."

## Improvement Slow For Howard Hughes, Plane Crash Victim

Los Angeles, July 10 (P)—Complicated by slow improvement of a punctured lung, the condition of Howard Hughes, wealthy movie producer, sportsman and industrialist remained critical today from injuries received Sunday in a spectacular airplane crash.

A mid-day bulletin by his physician, Dr. Verne Mason, read: "Mr. Hughes' condition remains critical. He has begun to take a little nourishment. His left lung is showing a minimum amount of recovery. Some air is getting into the lung."

"For the first time we have been able to move him from the mattress of the stretcher on which he was placed after the accident. His blood pressure has returned to a normal level and his burns have been redressed."

Hughes was testing a new photo-reconnaissance plane preparatory to delivery to the Army when it developed engine trouble and crashed in Beverly Hills.

## DEATH CLAIMS MRS. TROMBLY

Resident Of Escanaba For 26 Years Dies On Wednesday

Mrs. Mary E. Trombly, 8088 Second avenue north, died of a heart attack at her home yesterday afternoon. Although she had been in poor health for some time her death came suddenly.

Mrs. Trombly, who was born Dec. 21, 1874, in Hillpoint, Wis., moved here from Rock in 1920 and has made her home in Escanaba since. She was seventy-one years of age.

She is survived by her husband, Napoleon J., and the following children: Mrs. Winfield Rogers, Mrs. John Dugener, and Mrs. John Cass of Escanaba; Lester J. of Duluth; and Homer of Grand Marais. A sister, Mrs. Amanda Harris of Pasadena, Calif., and a brother, Homer Goodell, Donald, Wis., also survive. There are thirteen grandchildren.

Mrs. Trombly was a member of the American Legion Auxiliary, the Daughters of Isabella, and St. Patrick's Guild.

The body will lie in state at the Allo funeral home beginning tomorrow afternoon. Rev. M. Melican of St. Patrick's church will conduct services at nine o'clock Saturday morning and burial will be in Gardens of Rest cemetery.

## Union Fight Ties Up American Ships At Staten Island

New York, July 10. (P)—Nine ships, including one troop transport preparing to sail for Europe, were tied up today when American Federation of Labor members threw a picket line around six Staten Island piers as "a warning to Harry Bridges and the Communist-dominated Committee for Maritime Unity to stop raiding our ships."

Paul Hall, chairman of the AFL Maritime Council of Greater New York, said in a statement that if Bridges did not stop his purported raiding "we will tie up their (CIO-managed) ships in every port up and down the coast. Bridges has declared war on the AFL Maritime Union and we will not sit by idly."

The War Shipping Administration said the Staten Island tieup resulted when members of the International Longshoremen's Association (ILA), refused to cross the picket line established, according to Hall, by members of the Seafarers International Union, the International Brotherhood of Teamsters, the Sailors Union of the Pacific and other AFL unions.

## FOR YOUR INFORMATION

Regarding the statement from Hoyler & Baur relative to the controversy which has created a work stoppage, it is necessary that we submit a few additional facts, that the truth may be known. They failed to mention that only after several meetings had been held did they submit to the union a counter proposal, which indicated that the companies proposed to stipulate under contract a wage rate that in some respects would compensate employees at a lesser wage than they now receive. For instance, in one classification they proposed to establish a scale approximately twenty-seven cents an hour below the now prevailing rate. Only after condemning their committee-men, who were in attendance of the meeting, did they indicate their willingness to make any concessions. This with the assurance that even though such employees had been in the employment of the company for almost a score of years, Mr. Hoyler gave definite assurance that these employees would be discharged at his earliest convenience.

We quote him in stating, that one of his employees had already one foot in the grave. They do not reveal that in confidence the union has been instructed to compel all competitive operators to place into effect the rates as proposed at Hoyler & Baur with the adjustment conditional upon such assurance, have they indicated their willingness to effect settlement. Further, they failed to advise that they have constantly refused to bargain individually and insist on having a blanket contract, notwithstanding the fact that competitive operators involved do not know the company's position in attempting to high-pressure the union into compelling other operators to pay the higher rates as will become effective in their establishment under the proposed adjustment.

The union in session with management has been offered twelve and one-half cents in each classification across the board. To make these rates uniform, under which conditions only Hoyler & Baur have proposed to settle, would require some companies to grant adjustments of approximately twenty-five cents per hour in some respects.

Since Saturday night, no meeting has been held between the parties, even though attempts have been made by the union to complete arrangements for same. It appears that no one has been designated to serve as spokesman for management. They merely advised that when they are ready, we shall be so informed. Additional facts will be forthcoming, if necessary.

## Bakery Union Committee

## ON MEDIATION BOARD

Lansing, July 10 (P)—Rex B. Cranson of Detroit, deputy state corporation and securities commissioner, today was appointed by Governor Kelly to be a member of the State Labor Mediation Board for a term expiring June 30, 1949. He succeeds Elmer Rice of Detroit.

# Danish Girl Describes Conditions In Homeland

BY NANCY MORAN

Mr. and Mrs. Emil Petersen, 1906 First avenue south, have had lots of company since their niece, Miss Elin Petersen, came to visit them. Relatives and friends want to meet the twenty-eight year old Danish girl who left Denmark for her first trip to the United States on May 1.

Pretty, personable, and poised, Miss Petersen tells how she was sent out from her native Copenhagen by the foreign ministry to work in Washington, D. C. one of fifteen Danish girls doing secretarial work under the foreign minister, Henrik Kauffmann. Although Miss Petersen was offered a job in London she decided to come to the United States, partly because she wanted to see her uncle, Emil Petersen, who left Denmark 64 years ago, and her aunt, Mrs. H. C. Larsen, and other relatives. "I'm parting my vacation in the middle so that I may spend two weeks with them in the summer and two at Christmas," she explains.

We asked her how she liked the United States. "It seems like a fairy tale to come over here and see what you can buy," was her reply in the intriguing English of undistinguishable accent that she learned during a year's visit in England just before the outbreak of the war. Miss Petersen said that rice, coffee, tea, chocolate, candy, fruit and other staples were practically non-existent in Denmark during the German occupation. We haven't seen an orange or a lemon for five years," she declared. The coffee substitute was burnt carrot roots and that for tea was dried apple leaves. Denmark was rationed in meats and butter and still is. Yet the people don't starve—they just eat more potatoes. The black market, said Miss Petersen, flourished only in American cigarettes; the Danes were willing to pay a kroner, or a half dollar in American money, for a single smoke.

**Other Shortages**  
Since the country was so short of electricity, gas, and other fuel, families saved all washing for the one day of week that they obtained hot water and the population took baths by attending the swimming pools.

Clothing was an even harder proposition, Miss Petersen declared. It was rationed and the war materials were unserviceable substitutes. Women's dresses were fashioned from curtains, the bottoms of men's shirts were cut off to make handkerchiefs, and good shoes were practically unknown.

Since the Germans hoped to make Denmark the model occupied country, they kept interference with private lives at a minimum. Unlike their Norwegian neighbors, the Danes kept their radios and listened each night to broadcasts in their native language from the allied station in London. Miss Petersen recalls that the families often sat and listened to instructions to the underground which were broadcast in code from London. The citizens would wonder what "Hello Elsie" or "Hello Kate" meant until they heard the explosion of bombs in the night, almost every night, and knew that the allies were attacking by plane or that saboteurs within the country were carrying out instructions.

Denmark never welcomed her German "guests". Every ninth of April, the date that Denmark was occupied, the Danes observed two minutes of silence in respect to their dead of the underground resistance. In other ways the country showed its feelings against the Germans. Miss Petersen cited the General National strike in August of 1944, called in protest over the execution of twelve young Danes. For four days there was no electricity, food, or transportation. The strike was terminated only when it became evident that the Danes were suffering more than the Germans.

**Allies Liberate**  
Miss Petersen recalls with what great joy the Danes greeted their liberation on May 5, 1945. After hearing the news through the London radio, the whole of Copenhagen streamed into the town square, torches were lit, the end of the blackout was signified by light blazing from every window, and everyone stayed up all night—the first night in months that a curfew hadn't depopulated the streets from eight in the evening

to six in the morning. Although suffering in Denmark was light in comparison to many of her neighbors and although she was not riddled with black market profiteers, the Danes find recovery slow. Miss Petersen feels it may take many years to rebuild her country and much more time for other areas.

"Many young people in Scandinavia want to travel now, especially if they have been coupled up within a small area all during the war," she said, explaining that they could avail themselves of the opportunity only if relatives in the United States issued invitations that covered expenses and living arrangements during the visit or if their native government brings them here to work. For that reason Miss Petersen feels especially lucky to have been brought here by the Danish Legation and she plans to stay a minimum of three years. Already she and her newly-met American relatives, to whom she bids goodbye tomorrow morning, are laying many plans for her return during the Christmas holidays.

"And I just hope my first Christmas in America is a white Christmas," adds Elin Petersen.

## Garden

**Church Services**  
Garden, Mich.—St. John the Baptist, Sunday, July 14, Mass at 10:30 a. m.  
Congregational, Sunday School at 10:30 a. m.

**First Communion Service**  
A large class of children from Garden, Fayette and Cooks received their First Communion Sunday morning at the St. John the Baptist church. Summer school for the children of the parish closed on Saturday and the Sisters who had conducted it, left Sunday.

**Birthday Celebration**  
Mrs. James Dotsch, entertained at a noon dinner Wednesday, July 3 to honor Mrs. Mary Dotsch, who was celebrating her ninetieth birthday on that day. Two special cakes were used as central decoration for the beautifully appointed dining-table and several out-of-town relatives came to spend the day. These included Mrs. Kate Eberling and Miss Harriet Eberling of Norway, Miss Gertrude Eberling of Cleveland, Miss Alice Ansell of Norway, Mrs. John Timmer of Escanaba and John Dotsch of Milwaukee. The older ladies of the town were entertained in the evening. Mrs. Dotsch lived here for many years but has been spending the winters with her daughter, Mrs. Octavia Voskes of L'Anse since the James Dotsch family moved to Lansing, and is spending the time here when they return for the summer vacation.

**DANISH RELATIVE VISITS** — Miss Elin Petersen of Copenhagen, Denmark, who has been brought by her government to work at the Legation in Washington, is spending her vacation with her aunt and uncle, Mr. and Mrs. Emil Petersen, 1906 First avenue south.

## Police Are Asked To Aid In Search For Gladstone Boy

Escanaba police officers have been asked to aid in a search for Carlton Mineau, 14-year old son of Mrs. Wilfred Mineau, 1312 Delta avenue, Gladstone, who has been missing from his home since Monday, July 8.

The boy was wearing brown trousers, brown jacket and similarly colored shoes when last seen.

## 17-Month-Old Son Of Leroy Monsons Is Taken By Death

Gary Leroy Peter Monson, 17-month-old son of Mr. and Mrs. Leroy Monson of 710 South 13th street, died at 2:30 o'clock yesterday morning at St. Francis hospital following an illness of only eight hours.

Born in Escanaba Feb. 6, 1945, the child is survived by the parents, a grandmother, Mrs. Anna Monson of Escanaba, and the maternal grandparents, Mr. and Mrs. Herman Leduc of Michigan City, Ind.

The body was removed to the Anderson funeral home and at 1 o'clock this afternoon will be taken to the home of the grandmother, Mrs. Monson, 702 South 13th street, where it will be in state to the funeral hour. Funeral services will be held at the home at 2 p. m. Saturday, with the Rev. Gustav Lund officiating.

Burial will be in Lakeview cemetery.

The manufacture of artificial ice became widespread about 1900.

Loch Lomond is Scotland's largest lake.

## Obituary

PETER MOSES

Funeral services for Peter Moses were held yesterday morning at Indian Point church with the Rev. Ralph J. Sterbentz officiating. Pallbearers were Adam G. Lambert, Raymond Lambert, Jacob Pesine, Dave Hardwick, Joseph Dayson and Alex Seymour. Burial was made in Indian Point cemetery.

DR. JOHN W. BIRD

Funeral services for Dr. John W. Bird, father of Mrs. Edward Edick of Escanaba, were conducted at the Hahn funeral home in Sturgeon Bay Wednesday morning at 9 o'clock.

Pallbearers were L. J. Shaw, Lyle Shaw, John Edick, Edward Mayou, all of Escanaba.

Military rites were held here by members of Cloverland Post 82 for Dr. Bird who was a veteran of World War I. The services were conducted at Gardens of Rest cemetery where interment was made. Color bearers were C. Elmer Olson and E. A. St. Martin; color guards, Alfred A. Provencher, C. W. Vadnais; firing squad, Henry Koehler, Clinton E. Groos, Chester Borden, Gerald J. Cleary, Arthur Carlson, Robert E. Lemire, E. J. Kallio, Carl Peterson; chaplain, Archie Wood, bugler, Frank Karas; commander, W. J. Perron.

Prayers at the grave were recited by Rev. Karl Hammar, pastor of Central Methodist church.

## Farmers' Market Open On Saturdays

The municipal farmers' market on First avenue north will continue to be open each Saturday morning for the remainder of the summer season, City Clerk Carl E. Anderson reports.

Fresh eggs, vegetables, poultry, seasonal fruits and flowers are available.

## Legion Sponsoring Iron Lung Exhibit

An iron lung mobile unit will be displayed in the 1100 block of Ludington street today, Friday and Saturday under the auspices of Cloverland Post No. 82 of the American Legion. Commander William J. Perron announced yesterday.

The iron lung exhibit will be in charge of Jack LaRue and Mary Carson of Jackson, Mich. A percentage of the receipts will go to the American Legion building fund.

Contrary to popular belief the iron lung is not an American creation. It was first introduced to medical science by a famous French doctor. The original being a crude implement which proved

entirely unsatisfactory and was not accepted by the physicians of that day and age.

The lung next made its appearance in the Twentieth Century having been revived by a young American doctor by the name of Dr. Emerson, who perfected the first practical lung, commonly known as the Emerson Lung.

This particular machine is known as the American iron lung. Its operation is very simple. It simply acts as a bellows, forcing air into the patient's body after the lungs have collapsed.

It breathes from sixteen to eighteen times per minute, which is the average breathing of a person. Should the motors controlling the bellows cease to function, it can be operated by hand, which is the manual bar attached to the side of the iron lung. The pressure gauge on the side of the Lung shows the amount of pressure be-

ing applied to the patient in the lung. This pressure causes the lungs to contract and expand, the same principle as giving a person artificial respiration. The most common use for the Iron Lung is for poliomyelitis, commonly known as infantile paralysis. Other uses are asphyxiation cases, drowning, and over indulgence in intoxicants.

Tourmaline crystals will permit the passage of light in only one direction.

## Preview New Oat Crop At Chatham On Farmers' Day

Improved Bond Cross oats will be one of the things of interest to visitors at the annual Farmers' Round-Up at Chatham August 2, in the opinion of J. G. Wells, Jr., station superintendent. The hybrid known as Bond Cross has met with high favor on Upper Peninsula farms in recent years.

Groves like the high yield, heavy weight, rust resistance, and length and stiffness of straw. Some criticism has been made by growers wanting to use the combine in harvest, since all grain does not ripen uniformly. Head selections made six years ago from the Bond Cross overcame this criticism in the strain now known as Improved Bond Cross. About three acres are being grown at Chatham for increase. In addition, it is being grown in the variety plots in seven Upper Peninsula counties and in the Chatham yield plots.

Besides Improved Bond Cross in the oat variety plots, the following will be seen: Iowa 444, Bond Cross, Vicland, 2909, Marjion, Eaton, Forvie, Clinton and Black Finnish. In the same plots are two grain mixtures, Bond Cross oats and Wisconsin 38 barley; also those two with Regent wheat added.

Spring wheat variety plots include the following: Regent, Henry, Newthatch, Rival, Pilot, Mida, North Dakota 1556 and Pentod. The last two are additions in 1946 to those grown in 1945. A small barley variety test includes Wisconsin 38, Bay and Loglos.

Classified Ads cost little but do a big job.

## Sale Of 16,000 Acres Of State Land Is Proposed

By agreement of state conservation department officials and Delta county land use committees meeting here yesterday, 16,000 acres of state-owned lands in the county outside of dedicated state forests and game areas will be recommended to the state conservation commission for sale, exchange, or to deed to municipalities for use at parks, school forests or other public use.

C. E. Millar of the conservation department's lands division said there is a total of 22,000 acres of undedicated state land in the county, and the meeting was held for the purpose of determining whether it should be dedicated to public use or made available for sale.

Of the 22,000 acres it was decided that two blocks of land, one in Cornell and the other in Maple Ridge township, plus isolated parcels of land totaling about 5,400 acres will be held in state ownership and dedicated for public use. The isolated parcels of land are located on rivers or lakes and will be kept in public ownership to assure access to fishing waters for recreational purposes.

The agreement on land use was made after a meeting that started in the court house at 10 a. m. yesterday and lasted several hours. Present from Lansing besides Millar were Paul M. Barrett, land use extension specialist of Michigan State College, and H. M. Galloway, assistant in the lands division of the conservation department. Attending from Escanaba were Louis Hermel of the U. S. Forest Service, John Angulin, district conservation supervisor, and E. A. Wenner county agricultural agent.

From the county were supervi-

sors from the townships in which the use of state land was in question. The supervisors are heads of the local land use committees in their townships.

Under the new procedure it will not be necessary for the local land use committees to pass on applications for the purchase or exchange of undedicated lands, since the use of these lands has been agreed upon. Similar precedents have been completed in Cheboygan, Presque Isle, Emmett and Otsego counties in Lower Michigan.

From Escanaba the conservation

officials will go to L'Anse for a meeting tomorrow at which state lands in Baraga county will be considered for recommended uses. The state owns 61,500 acres in Baraga county outside of project areas, and the department is considering making 14,000 acres of the total available for sale and dedicating 47,300 acres to conservation uses.

It is the policy of the department to sell lands suitable for agriculture, and to retain water frontage in public ownership. The disposition of lands fit only for forests and recreation are disposed

of on the basis of location, cover and local demand.

## Roof, Bathroom Of Home Here Damaged By Lightning Burst

Lightning which struck the William Beyersdorf home, 428 South 16th street, about 11:30 o'clock Wednesday morning tore a hole in the roof peak of the dwelling and another in a tile bathroom wall.

Firemen were called but actually no fire resulted from the lightning burst during the brief storm.

## Gideons Will Give Program Here Sunday

The Christian Business Men's Association, better known as the "Gideons", represented by the Iron Mountain-Norway Camp, and the Iron River camp, will present the Gideon Bible Ministry in the various Protestant churches of both Gladstone and Escanaba Sunday forenoon.

Since 1908 complete Bibles, with the Gideon cover, has been placed in hotel guest rooms, hospitals, and penal institutions throughout the U. S., Canada and some of the foreign countries. The original order was for 250 Bibles, and the largest order was 250,000. A total of two and one half million have been distributed.

During the war, a New Testament with psalms, specially built for servicemen and women of the armed forces was distributed through the chaplains of the army, and in many of the induction centers directly to the young men. A total of 9,000,000 was given out. The present program of the active organization is to place a New Testament, with psalms and proverbs, with cover similar to that of the servicemen's testament, except the maroon color, in the hands of school children, reaching them through the public schools. The cost of these testaments, in mass production is 3 for \$1, and church going folks contribute to make this distribution on a large scale possible. The original youth testament order was 5,000,000 of which perhaps about 500,000 have thus far been given out.

## Social-Club

### Postpone Ladies Aid

The meeting of the Immanuel Ladies Aid scheduled for today has been indefinitely postponed it has been announced by the committee in charge.

### Evening Star Postponed

The Evening Star meeting, which was scheduled for tonight, has been postponed until Saturday July 13, at 7:30 p. m. at the North Star Lodge. Following the meeting there will be a grocery party. The public is invited.

## Hawaii Also Has

## Shortage Of Poi

Honolulu—Hawaii which is undergoing a bread shortage like all other parts of the U.S.A., also has a severe shortage of poi.

No, not pie; poi. Poi, the old original staple dish of Hawaii, is a thick, pasty mush made by pounding to pulp the roots of the taro plant. Taro is a close relative of the big "elephant ears" of parks and large gardens, and looks a great deal like it when it is growing.

Poi is eaten not only by the native Hawaiian population; many "haole" (white) people are devoted to it. Children often prefer it to the more conventional cooked breakfast cereals.

Poi used to be made by pounding the taro roots in a big wooden mortar. Now the process has been mechanized, and many small poi factories dot the islands. Only now most of them are closed down for lack of raw material.

The difficulty, people say, is with the young folks. Taro will thrive only if its roots are buried in nice, mucky mud. Old-time Hawaiians didn't mind working in the muck; their modern-minded offspring refuse to do so.

And so the taro patches diminish, and it is very hard to get poi.

IT SURE IS A  
GRAND FEELING

To know you can get quality, fast action and economy in St. Joseph Aspirin. Find out for yourself today. Demand St. Joseph Aspirin, world's largest seller at 10c. You can save even more on 100 tablet size for 35c, almost 3 tablets for 1c.

HERBERT E. PERKINS

Marquette (P)—Herbert E. Perkins, 71, manager of the Huron Mountain Club 40 years and one of the Upper Peninsula's best known citizens, died of a heart attack Monday night at the Huron Mountain Club lodge, where he resided. He was a member of the State Prison Commission from 1935 to 1937, served on the Marquette county board of supervisors 20 years and was county treasurer six years. He was a leader in the Republican ranks in the Upper Peninsula and an ardent horseman, driving race horses at county fairs in both peninsulas for many years. Born in England, he came to this country when he was 20 and lived in Detroit until he became manager of the Huron Mountain Club in 1906.

RE-REGISTRATION OF ALL  
SCHOOL ELECTORS

Michigan State Law now permits all citizens of the United States, 21 years of age, to vote in general school elections. Ownership of property assessed for school taxes is required only in elections involving the expenditure of public money or the issue of bonds. The old registration books of the School District of the City of Escanaba have been closed, and, in accordance with state law, re-registration is required. Whether you have voted in a school election or not, re-register in the Office of the Superintendent of Schools, Junior High School Building, Thursday or Friday, July 11th or 12th, from 8:00 A. M. to 8:00 P. M. Registration for school elections is necessary in addition to registration for other elections.

# WILL DECORATE CITY STREETS

Work Started To Make Manistique Gay With Banners

Manistique today will assume its holiday garb and in the course of a day or two will be gay with streamers emphasizing the patriotic motif and the American Legion.

Twenty-two streamers, to be strung across Cedar, River and Deer streets will form the primary decorative schemes while business places will also be festooned and garlanded with decorations that will notify all who pass that there is an American Legion convention in the offing.

The street banners will be long red, white and blue banners at each end of the color assembly, next to this will be the American Legion colors of orange and black and in the center will be a large American Legion banner. There will be strung across the street with the streamer ends attached to business buildings.

Augmenting this will be red, white and blue decorations ordered by the city. These will be attached to light standards. The city decorations were purchased with a view of using them for other occasions, particularly Memorial Day, July Fourth, Labor Day and Armistice Day. There are enough of these decorations to dress up practically all of the city's white way light standards.

# Local Residents Meet In Theatre In Far Off Korea

Sgt. Jack Coffey of Manistique and Sgt. John Boonenberg of Seney, who are stationed in Korea had a happy experience a few weeks ago when they met Cpl. L. Miller of Thompson and Cpl. E. Barkovich of Manistique at the 24th Corps theatre in Seoul, Korea.

The group spent the afternoon talking of old times. Cpl. Miller and Cpl. Barkovich are stationed in Iwehan and Sgt. Coffey and Sgt. Boonenberg are with the 31st Field Artillery in Seoul.

Sgt. Coffey, who has been in service for two years and stationed in Korea over a year, expects to be home this fall.

## CARD OF THANKS

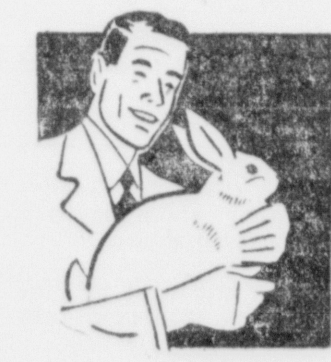

We wish to express our sincere appreciation of the wonderful acts of kindness shown us by neighbors and friends during our recent bereavement. We are especially grateful to those who sent floral and spiritual offerings, Rev. E. H. Berendsen, those who donated the use of their cars, those who served as pallbearers, and all others who aided us in so many ways. The memory of these acts of kindness will always remain with us.

Signed:  
Mrs. John Solar and family

## CARD OF THANKS

We wish to extend our heartfelt thanks to neighbors and friends for the kind expressions of sympathy tendered us at the time our recent bereavement, the death of Mrs. Albert Nelson. Especially are we grateful to Rev. G. A. Herbert, Mr. and Mrs. Gus Nye, those who offered the use of their cars, the pallbearers, and all others who by word or deed assisted us at this time.

Signed:  
Mr. and Mrs. Mauritz C. Nelson and family

# FRED BRADLEY AT LION MEET

Speaks At Meeting Of Munising And Local Clubs

Americans need not worry a great deal over Russian Communism. This country is not impressed with its workings in Soviet Russia and there is little likelihood that America and Russia will ever go to war over their differences, said Congressman Fred Bradley addressing a joint meeting of Manistique and Munising Lions clubs at Au Train Tuesday evening.

What America does need to be gravely concerned about is the way American and foreign born exponents of the subversive philosophy commonly termed Communism, have infiltrated into our government, have seized control of many of our labor unions, are dominating many of the radio networks and swaying national trends in ways that are definitely un-American, Mr. Bradley stated.

He cited how these communistic forces have been trying to handicap and undo the good work accomplished in the FBI by J. Edgar Hoover, how attempts were made to destroy the files kept by the FBI of people engaged in subversive activities. It was only through alertness on the part of congress that saved these records, he said.

Concerning the OPA, he said that the law of supply and demand would take care of it. People are not going to pay exorbitant prices and when prices are too high the articles will not be sold.

Many dishonest tactics were used to discredit opposition to OPA, he said, citing particularly a recent experience of Senator Taft who had been flooded with messages asking him to resign in his opposition to the present setup. He stated that Senator Taft had taken the trouble to answer all of these telegrams and found that most of the signatories to the messages were phony.

About twenty members of the local Lions club made the journey, partook of elaborate hospitality provided by the Munising club and participated jointly in the meeting.

Representative Bradley is an honorary member of the Munising Lions club.

# COAL SHIPMENT ARRIVES HERE

Is First Break In The Local Coal Famine In Two Months

A twenty-foot pile of coal now relieves the barren view at the Girvin Coal Company docks.

There are 1,400 tons of Red Ash coal in the pile, John Girvin announces, one thousand tons less than was expected, that amount having been unloaded at Toledo before the carrier proceeded on its way here from Cleveland.

The large carrier Robert J. Paisley arrived in the Manistique harbor about midnight and, according to report, narrowly missed going aground east of the harbor breakwater. The pilot of the ship, it was explained, was new to these waters and got too close to shore before contacting the harbor beam.

Girvin announces that more shipments are expected here in the near future, but has no definite date concerning them as yet. For the past two months there have been no retail sales of coal in the city due to the fact that the yards have been stripped clean. Some stoker coal has been provided, in emergency cases, from coal screened from the paper mill stockpile, but this source of supply has been available only in extreme cases.

# Tax Allocation Board To Meet Next Monday P. M.

The final meeting of the tax allocation commission is scheduled for the afternoon of Monday, July 15. The meeting is set for 1:30 o'clock.

On this commission will be Leonard Carley, Cooks, chairman of the board of supervisors; Miss Laura Williams, county treasurer; Mrs. Ada Watson, county school commissioner; Vern Smith, W. G. Stephens, Alex Wingate and three members appointed by the judge of probate.

Mrs. Helga Swanson has returned to her home here after spending the winter months in Seattle, Wash., where she was employed. She was accompanied home by her father, Fred Anderson, who spent the past two months in Seattle.

## City Briefs

William C. Nelson and son, Ronnie, of Minneapolis, have returned home after visiting at the home of Mrs. John Nelson and Mr. and Mrs. William Klein.

Mrs. Frank Klug and son, Albert are visiting over the week end in Pesto, Wis.

Audrey Griesler left yesterday for Milwaukee, her home, after visiting Mrs. Frank Klug.

Andrew Canuelle is in Milwaukee for three days.

Miss Genevieve Beauchamp, daughter of Mr. and Mrs. Paul Beauchamp, returned yesterday to Chicago after two weeks at home. She was accompanied by a friend, Richard Figliolo, Chicago, who has been visiting the Beauchamp home also.

J. D. Burroughs of Salt Lake City left for his home after visiting in the city.

Mrs. Adeline Boone, a former resident, who visited her parents, Mr. and Mrs. Fred Stephanie, left yesterday for her home in Chicago.

Mrs. Louis Brock and daughter, Cindy, of Kipling, are in Menominee for a week.

Miss Lillian Peterson returned to Chicago Wednesday after spending a week visiting with Mr. and Mrs. Walter Hillman.

Mr. and Mrs. Carl Anderson and children, Geneva, Ill., are vacationing with her parents, Mr. and Mrs. Sam Tang. Mrs. Anderson is the former Edith Tang.

Mr. and Mrs. Merrill Quimby and son, John, Riverside, Calif., are visiting with Mr. and Mrs. Lloyd Ketchum and family, and with other relatives in this vicinity.

Mrs. George Harris and children, New York City, arrived Tuesday for a vacation visit with her parents, Mr. and Mrs. Sam Tang.

Earl Ferdon returned Tuesday morning from a month's visit with his son and members of his family in Seattle, Wash. He was accompanied as far as Minneapolis by Mrs. Ferdon, who remained there to visit with a daughter.

Mr. and Mrs. Donald Richardson and children and Arthur L. Crooks have returned to their home in Kalamazoo, after spending the week-end visiting with Mr. and Mrs. J. F. Richardson.

Mrs. Marie Stenmark of Lincoln Park, Mich., is visiting at the Axel Berglund home on Wisconsin avenue.

Mr. and Mrs. Hegquist and son, Martin, have returned to their home in Detroit Saturday, after spending the week-end visiting with Mr. and Mrs. Axel Berglund.

Dr. and Mrs. Fred L. Varney and Mrs. Florence Lewis and daughter, Joan, Cape Cod, Mass., are spending a week at the home of Mr. and Mrs. Herman Kinnie.

Mr. and Mrs. Harry Stock are arriving Sunday from Chicago to spend two weeks visiting here with relatives and friends.

Mrs. Robert Wilbee arrived on Monday from Detroit accompanied by her daughter, Deljean, R. N., who will be here until the latter part of August.

Mr. and Mrs. Thomas S. Screen and children, Nancy and Bob, and Mrs. A. Screen, Chicago, are visiting with Mrs. P. J. Baker.

Mr. and Mrs. Walter Johnson and son, Philip, are spending the week visiting in Crystal Falls with his father.

Mrs. John Gould, Centralia, Ill., are arriving Saturday for a week's vacation visit with Mr. and Mrs. M. J. Magoon.

Mrs. E. A. D'Amour and daughter, Sue, spent the week-end visiting with relatives in Marquette.

Marilyn Larson returned to her home in Manistique Tuesday night after a ten day visit at the John Vogt home as a guest of Wanda Lee.

Jack Collins left Sunday for Grand Rapids for a visit with friends.

Dr. and Mrs. A. H. Miller and their guests, Mr. and Mrs. A. T. Wilson, Joan Miller and Mildred Lenahan, Lansing, Mich., have returned from a motor trip to the Copper Country, including a three day stay at Keweenaw Park.

Mr. and Mrs. Fred Hoover Jr., have returned to Eveleth, Minn., after spending the Fourth of July weekend visiting with his parents, Mr. and Mrs. Fred Hoover.

Mrs. Bertha French, Grand Rapids, Mich., is spending a week visiting at the Fred Hoover home. Mrs. French is a niece of Mrs. Hoover.

Mrs. Myron Russell and daughter, Lila Marie, are vacationing in Holyrood, Kansas, with her parents.

Mrs. Ira Farrell, 11 Tenth street, city, is a surgical patient at St. Francis hospital.

Howard Marmlick returned to Detroit Sunday after spending the past week vacation visiting with his parents, Mr. and Mrs. Anthony Marmlick.

Mr. and Mrs. B. N. Hayden and Mr. and Mrs. Ralph Stephaniak and daughter, Carol, Detroit, are visiting with Mr. J. D. McDonald and daughter, Maurie.

Albin Mason left Tuesday evening for his home in Flint, Mich., after visiting for the past week at the Gordon Smith home, city, and with friends in Escanaba.

Following a week's visit with Mr. and Mrs. Henry Druding and other relatives, Mr. and Mrs. Roy Druding have returned to their home in Indianapolis, Ind. Roy is a son of the Henry Drudings.

Mr. and Mrs. C. I. Wells of Jefferson, Iowa, visited Wednesday with Mr. and Mrs. Gaspard Page.

Mr. and Mrs. Girard Klunder and children, Girard Jr., and Betty, of Grand Rapids, are visiting here at the home of Mr. and Mrs.

# LOCAL SCOUTS AT RED BUCK

Fine Program Being Held At Red Jack Lake Encampment

Eight Gladstone Boy Scouts are among the 51 participating in the second period of the camping season at Red Buck camp which opened Sunday.

At the camp are Scouts from Gladstone, Escanaba, Manistique, Rapid River, Munising, Marquette and Calumet.

From Gladstone are Morris Siebert, Billy Rockburg, Eugene Holm, Robert Pilon, Richard Pilon, Billy Bovin, Allen Louis and James Gagner.

Two Rapid River youths, Jack Miller and Henry Stairs, are also at the camp.

Directing the camp is the following staff: Clarence Zerbe, Wallace Cameron, Henry Lombard, Odin Grammes, John Bietscher, and S. N. Bradford. Chefs for the entire camp season are Mr. and Mrs. Vital Hebert of Nahma.

Activities for the week include campcraft, woodcraft and aquatics. Two hikes to some part of Hiawatha National Forest will be made. There will also be overnight hikes and Indian ceremonies. The waterfront is again proving very popular among the boys and ideal weather has stimulated activity in this department.

## Obituary

### CLARENCE A. CLARK

A large number of sorrowing friends and relatives attended funeral services for Clarence A. Clark, 83, Gladstone pioneer, held yesterday afternoon at the Kelley Funeral Home with the Rev. James G. Ward, pastor of St. Stephen's Episcopal church, Escanaba, officiating.

Flowers banked the funeral home chapel attesting the esteem with which the deceased was held in the community.

During the rites "Abide With Me" and "My Faith Looks Up To Thee" were sung by Noble Swenson accompanied by Mrs. William Nelson.

Flowers were in charge of Miss Vera Ohman and the Mmes. Ray Gazlay, Oscar Ohman and George Strong.

Masonic rites were conducted at the grave in the family burial plot in Fernwood cemetery by Gladstone Lodge No. 396, F. & A. M., with Arthur Nelson, Escanaba, serving as acting chaplain.

Bearing the body to its final resting place were James T. Jones, Claude E. Hawkins, William L. Marble, Archie D. Harris, William S. Skellenger and Glenn W. Jackson.

Forming an honorary escort were Albert J. Young, John P. Norton, Ole Thorsen and William Warmington of Escanaba and J. D. Staple and J. F. Richardson, city.

John Mathy, parents of Mrs. Klunder.

Miss Nancy Desrochers and Miss Bernadine Barager have returned to their homes in Trout Lake after visiting here the past week as the guests of Ariene Green at her home, 1222 Dakota avenue.

## In Memoriam

In sad but loving memory of our beloved wife and mother, Mrs. Ole Nelson, who passed away 6 years ago today, July 11th, 1940.

What would we give her hand to clasp,  
 Her patient face to see,  
 To hear her voice, to see her smile,  
 As in days that used to be;  
 But some sweet day we'll meet again  
 Beyond the toil and strife,  
 And clasp each other's hand once more,  
 In Heaven, that happy life.

Sadly missed by  
 Mr. Ole Nelson & Family  
 Ensign, Mich.

**Engineers Meet**—The Brotherhood of Locomotive Engineers will

# CHLORINATOR IS INSTALLED

Treatment Capacity At Water Plant Now Doubled

A new chlorinator was installed yesterday at the water pumping station of the City of Gladstone.

The installation doubles the chlorination capacity of equipment used formerly for chlorinating the city's water supply.

Previously one 12-pound and one 40-pound machine were used. The new machine is rated at 60-pounds and can be increased to 100 pounds, if demand requires it.

Installation of a new chlorinator with greater capacity was suggested to city officials by a member of the Michigan Health Department.

The 12-pound machine has been removed and will be installed at the sewage plant for split chlorination.

meet this evening at 7:30 o'clock at the Eagles hall. Attendance of all members is urged by the officers.

**Dorcas Society**—The Dorcas society of the First Lutheran church will meet this evening in the church parlors at 8 o'clock. The committee for the pot luck lunch is composed of Mrs. Oscar Ohman, Mrs. Carl Olson and Mrs. John A. Olson.

**Ladies' Aid**—The Ladies' Aid of the First Lutheran church will meet in the church parlors this afternoon at 2:30 o'clock. Mrs. Charles Gustafson is the hostess.

# Bears And Cubs Will Play Benefit Baseball Game Tonight

## PROCEEDS FOR JUNIOR LEAGUE

Game Is Scheduled For 6:15 O'clock At City Diamond

The Escanaba Bears of the Northern Wisconsin Michigan league and the Escanaba Cubs of the Michigan Rainbow league will play a benefit game for the junior baseball fund this evening at 6:15 o'clock at the city diamond.

Players of both clubs are asked to report at the park as early as possible so that the game can get under way at the scheduled starting time. This will permit the playing of the full nine innings before darkness.

The probable starting pitchers for the game are Jim Fitzpatrick for the Bears and Bill Thorin for the Cubs. Whether both pitchers will go the route or be relieved along the way due to the heavy schedule of games coming up in the next few days will be decided by the individual managers during the progress of the game.

All of the receipts from tonight's game will go to the recently developed junior baseball fund to purchase equipment for the youngsters in the 9 to 17 age groups. A nominal admission fee will be charged for the game.

The starting lineup for the Cubs is still somewhat in doubt. Don Scott, the team's regular catcher, will be unavailable due to a surgical operation and one or two other lineup shifts may be necessary. Manager Al Ness indicated, however, Jack Schell will be at first, Lough at second and Thatcher at third. If Dufour is assigned to the shortstop position, the outfield will probably comprise Ruzha, Pruett and Jack Finn.

The Bears are expected to start Deloria at first, Jungles at short, Gersich at second, Prval at third, Maycunich in centerfield, Gardner in left field, and L'Houillier or Schwalbach in right field. Toodles Elath will do the receiving.

Angie Van Effen and Fred Gardner will umpire.

## Second Elimination Seaquill Contest To Be Held Tonight

The second in a series of four elimination sea quill contests for the Gust Asp yachting trophy will begin at 7 o'clock this evening at the yacht harbor entrance.

The craft compete on a three and three quarter mile course, the winner of each contest receiving a half point for each boat defeated and an additional half point for winning the race.

Cliff Weir and Bill Nolden, sailing the Yehudi, won the first contest held last Sunday. The Ah Mie, piloted by Lois Sawyer and Jim Degnan, was second; Carefree sailed by Ed Erickson Jr. and Marc O'Donnell, third; Suds sailed by Paul Menard and Howard McKie, fourth.

Bargains you want on Classified Page.

Students 10c

## YOU LUCKY ESCANABANS!

Few cities can boast of a sports program—baseball and softball in particular—such as is maintained in the City of Escanaba. Hundreds of ball players take part in scheduled games, and as a result Escanaba is building up a reputation of being the baseball and softball center of the U. P. Let's get out and support this program—actively.

## HARDBALL—Thursday, Saturday and Sunday

## SOFTBALL—

A full weekly program

**Phoenix Lumber Co.**

Phone 464

P. S. We are adhering strictly to our June price levels.

**KIDS LEARN BASEBALL TRICKS**—Jerome Deloria, junior baseball director, is shown here with a class of hustling baseball enthusiasts at the junior baseball school Saturday morning at the city diamond. Deloria is assisted by Al Ness and Bill Puckelwartz

at the baseball school, held each Saturday. During the week the youngsters play in a junior league organized at the various city playgrounds. Equipment for the junior leagues is sorely needed and the Escanaba Bears and Escanaba Cubs will play a benefit game Thursday night for the junior league fund.

## Little Tyke Breaks Women's Collegiate Tourney Wide Open

Columbus, O., July 10 (P) — A freckled little tyke who weighs in at 110 pounds with a No. 2 iron in each hand broke the National Women's Collegiate Golf Tournament wide open today.

With one blazing round of 36-37—73—a new competitive course record—Carol "Babe" Freese of Reed College, Portland, Ore., made the tournament no longer the apparent exclusive property of Dorothy Germain of Philadelphia.

Wiry little "Babe" tripped pitted Rosann Shaffer of Toledo, O., representing Rollins College, Winter Park, Fla., 4 and 3, in the process and sent the dopesters in to a tail pin.

Nevertheless, Miss Germain, of Beaver College came through with some of the best golf of her career.

Out in an unspectacular 40, even par, today, Dorothy came in with a 34 for a four-under-par 74, tying the course record she set last Monday.

She was two under men's par and four under women's par on that last nine and collected a 3 and 2 victory from game little Shirley Spork of Detroit, a Michigan State Normal entrant.

By her triumph, Little "Babe" Freese won the right to battle Phyllis Otto of Atlantic, Ia., the Northwestern University sharper, in tomorrow's semifinals.

## SCOT KEEPS TITLE

Glasgow, Scotland, July 10 (P) — Jackie Paterson, 26-year-old Scot, retained his world flyweight title tonight, winning a 15-round decision over Joe Curran of Liverpool. Paterson weighed 112 pounds, Curran 109.

Only two of every 1000 persons reported missing in England are never heard of again.

**ALL DRESSED UP**—You can't have a baseball team without a catcher—and you can't have a catcher unless you give him adequate protection against foul tips. Tom Schwalbach, one of the junior leaguers, shows one of the sets of catching equipment provided for being raised to pay for them, along with bats and balls needed for the youngsters. Four sets have been secured to date and a fund is junior program.

## SOFTBALL

### CHANGE IN SCHEDULE

The Bethany vs. K. C. game will be played tonight at 6:45 on the lighted field instead of at 9:15 to enable members of the K. of C. team to attend a meeting later in the evening. Bethany has agreed to this change.

The Hawks will play St. Joe at No. 1 diamond at 7:00 as scheduled. Lieungh's Music Store will play Delta Transit at 9:15 on the lighted field instead of at 6:45.

### WHIPPED BY PESHTIGO

The Badger Mills of Peshtigo won a 11 to 1 victory over the Escanaba VFW at the lighted field last night. The visitors collected 12 hits, one a homer by Perket.

**AMERICAN ASSOCIATION**

## Top Loop Pitchers Will Tangle Today

New York, July 10 (P) — Two of the American League's top pitchers, Bobby Feller and Spud Chandler, will hook up tomorrow night in Yankee stadium when the Cleveland Indians tangle with the Yankees.

Feller, who hurled last Sunday and the first three innings of the All-Star game yesterday, asked manager Lou Boudreau to pitch him out of turn against the Yanks.

Batteries were: Kositsky and D. Larson for the locals, McGovern and Herour for the visitors.

## Snead Plans Second Whack At British Open Golf Trophy

New York, July 10 (P) — Sam Snead, returning today with the prized British Open Golf Trophy, said he plans to go back to Hoylake next year to try it again because "I've found if I win them once I usually win them twice, like Joe Louis."

Slammin' Sammy attributes his victory at St. Andrews to the fact he was driving very well, and putting adequately, although not sensationally.

"Those greens are something entirely different from the ones we have in this country," he said in describing the famed Scottish course. "Most of them are double greens, with pins at each end for different holes. You can be on a green and still be about 125 yards from your cup."

"On one green I hit the ball with my putter as hard as I could, and with the wind against me, still was 30 feet short of the hole."

"I was trapped only once with a tee shot during the tournament, and was getting good distance — for me."

Snead said he did not have much opportunity to watch the British stars in action, although he did play about 16 holes of a practice round with Henry Cotton. Dal Rees and Norman von Nida are little fellows, he says, reminding you of Paul Runyan, but they have considerable power.

Incidentally, he said Rees and Cotton plan to come to this country in October to compete in some of the fall tournaments.

## Junior Baseball

### MORE ROOM FOR PLAYERS

All boys who are interested in playing baseball in the junior league and who are not already assigned to any team are invited to report at the city diamond Saturday afternoon at one o'clock. They will be assigned to teams in the league, Jerome Deloria, director, has announced.

Youths of any age up to and including 17 are invited to join the junior league. Teams are organized in the nine to 13 age group and also in the 14 to 17 age group.

Spaniards in Cuba began to import Negro slaves as early as 1521. American Indians domesticated about 40 plants.

## BARKEEP NEXT BOMBER VICTIM

Pudgy Mauriello From Bronx Signs To Take On Champ Louis

BY SID FEDER

New York, July 10 (P) — The next victim to be led into the pit against Bomber Joe Louis will be Tami Mauriello, a pudgy barkeep out of the Bronx who is a perfectly rational young man except that he wants to get into a fight with the heavyweight champion.

After telling practically everyone that the Billy Conn clam bake of a couple of weeks back would be his only ring appearance this year, Bomber Joe listened to the soothing persuasions of promoter Mike Jacobs and agreed today to put his title in the line for the 23rd time against thumping Tami on Sept. 18 in Yankee stadium.

But the peacefulness of the Conn affair at \$100 per seat taught Mike one thing. As a result, he's marking this one down to \$30 tops—and \$3 bottoms—and has scaled the big Bronx ballyard for a gate of something over a million dollars. He thinks the "take" will hit seven figures and that there will be more cash customers on hand than the 45,325 who saw the Louis-Conn thing, what with the entire Bronx figuring to turn out to see the local hero in there with the head man.

Tami, whose real name is Steve and who borrowed his older brother's tag because he was too young to get a beak-busting license of his own, signed for the fight on Monday, agreeing to take 15 per cent.

Louis, meantime, held up his okay because of some hitch which was reported to have developed in his fistie family. But promoter Mike kept after him so long and so often that the phone company was about to declare an extra dividend. And today Joe finally gave Mike the green light in a conversation from Detroit where he's catching up on his golf. He'll get his usual 40 per cent.

Joe will set up his training shop at his usual Pompton Lakes, N. J., base on Aug. 1. Tami still hasn't decided where he'll get ready for what's being cooked up for him. Louis will weigh about 208 to Tami's 194.

In the record books, Tami's age is 26, but he's actually three years younger. An orthodox style, stand-up swatter with a good straight left and a hard right, he's had 77 fights, lost only seven, and has flattened 51 opponents.

## Duck And Goose Population Sags

Washington—A duck's life is a hard one, and the prospects are that it will get harder.

Hunters' shots, disease and drought in the northern breeding grounds have cut the duck and geese population of the United States by 36 per cent in two years. Meanwhile, the number of hunters has increased more than half a million, with 1,686,363 gun-carrying enemies searching for the remaining 80,000,000 wildfowl.

Officials of the U. S. Fish and Wildlife Service here term the situation "serious," and their latest field reports indicate that the duck decline has hit all regions and all species.

The answer, they declare, is shorter seasons for hunters or smaller bag limits or both.

While many of today's hunters were in the Armed Forces aiming at Nazis and Japs, the wildfowl census reached a peak in 1944 with an estimated 125,250,000 birds. But peacetime guns are being aimed at an already diminishing number of ducks and geese.

An adult female chimpanzee is about three and one-half times as strong as a college athlete.

## The Sports Parade

By Ken Gunderman

Escanaba sports fans get an opportunity tonight to show just how sincerely they are interested in a full fledged revival of baseball here. It has been generally agreed by baseball enthusiasts that adequate promotion of the game requires: 1. One or more teams playing in inter-city leagues. 2. A high school baseball program. 3. A good junior league setup. Escanaba now has all three of these requirements and the co-operation of the fans can provide the push that is necessary to put the sport on a fast growing basis.

The two local teams playing in inter-city leagues, the Bears of the NWM circuit and the Cubs of the play a regulation game tonight at the city diamond for the benefit of junior baseball, a program that was instituted recently by the city

recreation department. A generous response of fans, who are called upon to pay a measly two-bits each, will provide a substantial portion of the money that is required to adequately equip the junior leaguers with bats, balls, catchers' equipment, etc. Neither the Cubs nor the Bears will draw a dime out of the gate receipts at tonight's game.

The game itself will, of course, be worth in entertainment value substantially more than the meager admission charge. Fans will get added satisfaction out of the knowledge that their money is going to a most worthy cause. If any fans would like to make a contribution to the cause over and above the two-bits that they will be asked to pay for admission to tonight's game, that will be welcome, indeed, but there will be no solicitation. It costs about \$300 to finance the junior leaguers for the season and it is hoped that as much as half of this fund can be realized from the benefit game tonight.

The benefit game is something more than just an exhibition. Both teams will be battling as hard as they can for victory because baseball prestige in the community is at stake. The clubs have been wrangling for weeks in a good natured but truly serious manner over which is the better team. Tonight's game is the first of a series to determine the issue. It promises a lot of action for baseball fans.

The two local teams recognize that the future of baseball in Escanaba is predicated upon the success of the junior baseball league. That's where the future baseball talent of the community must be developed. Since the program was instituted only two weeks ago, there have been eight junior league teams organized in the city, two at each playground. No youngster interested in baseball is denied an opportunity to play and as more youngsters come into the program, additional teams will be organized. It is a program of which sports-minded Escanaba can well be proud.

## St. Nicholas

### Margaret's Party

St. Nicholas, Mich.—Mrs. John Severinson, entertained relatives from Ford River and Escanaba on Sunday, June 30, in honor of her little daughter, Margaret, who celebrated her third birthday anniversary on that date.

In the late afternoon Mrs. Severinson served a delicious dinner, with a large birthday cake topped with three candles centering the table.

Margaret received a number of gifts from her friends and relatives.

Little friends from St. Nicholas at the party were Mary, Madeline and Jerome VerBrighe.

### Germaine's Birthday

Germaine Lippens entertained a group of friends at her home on Sunday, July 7, in honor of her twelfth birthday anniversary.

Games were played, and at the close of the afternoon a delicious lunch prepared by Mrs. Lippens was served to the group, a beautifully iced birthday cake centering the table.

Germaine was the recipient of a number of nice gifts.

At the party were: Jane De Bacher, Laura, Elaine and Betty Heynness, Mary and Madeline VerBrighe, Alice, Bernice, Rita, Joseph, Adolph Jr., and John Lippens.

### Briefs

Mr. and Mrs. Daniel Depuydt spent Friday, Saturday and Sunday at the home of their daughter and son-in-law, Mr. and Mrs. Joseph Leduc. On their return they were accompanied by Janice Leduc who spent the weekend here with her grandparents.

## SCHOOL MERGER VOTE MONDAY

### Consolidation Of Bark River And Harris Proposed

Consolidation of the school districts of Harris township in Menominee county and Bark River township in Delta county will be submitted to the voters of the two districts in a special election to be held next Monday, July 15.

If the merger is approved next Monday, and indications are that it will be, the two districts will then hold another election to name a school board for the combined district. Actual consolidation would not get underway before next year, as it was agreed the changeover should be made gradually so as not to disrupt the school systems in either township.

Eventually the merger will mean construction in Bark River of a new Senior High school to serve both townships and the present Harris high school will be used for Junior high school grades. A system will also be worked out to locate grade schools as to best serve the combined district.

Construction of a new Senior High school at Bark River, selected because it is the trade center of the two townships, would probably entail submission to the voters of a proposal to levy an extra 5 mill tax for 5 years, as Menominee, Stephenson, Daggett and Powers are now doing, to create a building fund.

In the interim, starting next year, Harris high school will be used as the Senior high school and the present Bark River high school for the Junior high school grades. Harris now operates a 12-grade high school, while Bark River has a 10-grade high school, whose 11th and 12th grade students are transported into Escanaba.

Figures submitted at the meeting showed the new district would have an assessed valuation for school tax purposes of more than \$1,750,000. (Harris township's

### Veteran Amputees To Get Free Repair Of Artificial Limbs

More than 600 Michigan Veterans who lost a limb or limbs in the service of their country have been notified by the Detroit regional office of the Veterans Administration of a new and simple system entitling them to free repairs of artificial limbs.

Under this new system any veteran who is an amputee case is instructed to go to his nearest Veterans Administration office and apply for a prosthetic service card. This card, on presentation to any manufacturer or repair shop of artificial limbs, entitles the veteran to immediate repair service up to a limit of \$35 without any delay or red tape.

Eligible veterans in applying for the cards are instructed to submit four passport photographs printed on thin paper, measuring one and one-quarter by one and one-half inches when they make application. Out-state Veterans Administration offices will then forward the application to the Detroit Regional Office in the Guardian building, where a machine has been set

present valuation is \$835,500.) In school population the two townships are about equal, with 350 enrolled in Harris township and 330 in Bark River.

up to process the prosthetic service cards.

In the past veterans wearing artificial limbs which have broken or gone out of order, often have been forced to wait weeks for simple repairs which now will be available immediately.

The cards are of blue paste-board sealed in an acetate cover, and each card will explain the manner in which the limb manufacturer or repair shop will be reimbursed for services by the Veterans Administration.

### Reckless Driver Fined Here; Wife Is Complainant

Clarence Rouse, Escanaba, was fined \$10 and costs here Wednesday by Justice of the Peace Henry Ranguette on a charge of reckless driving made against him by his wife.

It was alleged that Rouse deliberately struck and damaged a coupe driven by Mrs. Rouse, the accident occurring Tuesday night in the 1600 block of North 11th avenue.

The door of the coupe, which is owned by Mrs. Henry Friedgen, 503 North 20th street, was damaged.
